We Take Cardiology Billing and Collections To Heart

As your cardiology practices grows, so does the challenge of maintaining your billing system and collecting what's owed. At ARC, Inc. we make it easy for you to manage your day-to-day billing, recover insurance payments, and collect from self-pay patients. We become an extension of your office, working one-on-one with you, your staff, and your patients. Our hands-on approach allows us to offer personal service customized to your specific needs resulting in greater returns to your practice.

Super Results With Our Super Bill

Like many cardiology practices, you're probably missing charges that can dramatically affect your bottom line. One of our most valuable services is the creation of a customized Super Bill to help you capture any missed charges. Utilizing the experience and knowledge of our certified coders, we ensure accurate documentation to facilitate and secure the capture of all charges. In addition, you don't need a computer system to take advantage of our Super Bill since it's entered into our system and electronically transmitted to insurance carriers within 24 hours. This means you receive your payments faster and more efficiently!

Medicare Specialists

At ARC, Inc. we understand the unique financial situation of cardiology patients, most of who are on Medicare. As a certified Medicare Trading Partner, we understand the rules and regulations of Medicare. This allows us to educate your practice to make your business procedures more effective and efficient.

Getting To The Heart of Cardiology Billing and Collections

At ARC, Inc., we get to the heart of cardiology billing and collections by providing custom services and professional coders and collectors to eliminate the expense of hiring more staff or purchasing expensive medical billing computer systems. In fact, we promise to reduce your workload, get the job done faster, and help your practice become more profitable!
